“ Dearest Bell Family, Even though it has been decades (1974) since my own Grandparents (Avis & Ora 'Bud' Wooliver) has passed away, I STILL remember two of their dear friends in the Howes Mill Area were Melba & Noah Bell. I remember when they would cone over to visit the "menfolk" would go sit in the shade on the side of my Grandparents house on Highway 32 just about a mile down from Myrtle's store and next to the Conservation Lake (Joe from the Howe's Mill Fish Hatchery built before selling to the government). Melba and my Granny, Avis would talk away about recipes, their jams and jellies and how many beans they canned for the season and what not. Oh, how we miss the old days with having all our Elders around with us!! I remember how Aunt Betty spoke of the one son who went off to college and became a professor in North Carolina. Melba and her husband was proud of his accomplishments; and also proud of both her sons families. My Grandmother ALWAYS spoke highly & graciously of Melba and her sweet spirit and friendship she shared with her being in the country. Miss Melba you will be missed by many. However, remember everyone's Goodbyes for Miss Melba is also her HELLO AGAIN as she entered into the God's Celestial Kingdom to take her place among the Angel's and be reunited with her Family and Friends who have gone on before her. Peace to Everyone whose life Miss Melba's touch in the past and present.
