“ *Beverley and I spent most of childhood together, attending Corinth Church and Dent County school. She was like a sister to me. She was very athletic, always chosen for the softball team first. We didn't see each other often as adults, but we reconnected after a family funeral. We spoke often for several years, sharing treasured memories from our childhood as well as many life experiences. I treasured those conversations. Our thoughts and prayers are with the Anderson's and Morris family. The Anderson's family has been so much a part of our family (Privett).*
