“ I can't put into words how sad I am to hear of Waynes passing. Wayne and Marie were the first people we met when we first moved to Salem back in 1981. We had a brand new baby and knew absolutely no one. They welcomed us to the community and always made certain that we had what we needed. He will be missed. Given the current health crisis with the ongoing corona virus we will be unable to attend the visitation or the funeral because of our own health concerns. We want the family to know that otherwise we would be there. We will be there in spirit and will be sure to remember Marie and the family in our prayers as you go through this time of sorrow. Wayne was a good man. I had the honor of working with Wayne and I can honestly say there was never a dull moment when I was around him. He was always on top of just about everything that was going on around us and always had something humorous to say about it. Even when Wayne was mad he was laughing about it. I will share one of Waynes favorite quotes that I found to always fit no matter what. Wayne would say, "Plan your work and then work your plan." I never saw Wayne when he didn't have a plan. I have also found his philosophy in that statement to hold true for just about everything in life. I will miss you old friend, you were a dear old soul. My wife and I will always remember Wayne fondly and I hope the family understands why we can't attend the services. >>> Leonard and Shirley Layton, Salem
