“ My father was and amazing hard working coffee drinking man. He had so much care in his heart and having his grandkids near always made him Joyful. He was always filled with adventure. He had a big imagination and love nature. We once dug up a big water heater by hand someone buried. It was under a big shade tree in the sandbox it took us day. We talked about how rich we would be once we found the treasure inside. Those special memories of you will always bring a smile to me. Even though we lived miles apart each visit you made me feel like your little girl. I was able to tell you anything and you would not judge. Anytime I needed you all I had to do was ask. You would babysit anytime I needed you even though the kids came back dirty and coffee stained but they had a great adventure with Grandpa. I love you so much I can't believe your gone I wish I got the chance to say good by I'm going to miss you but the adventures we had will always be a memory in my heart. You we're a special dad cause you where my dad.
