“ Susan was “my person”!! I had the best 3+ years getting to know her and her family. She will always have a special place in my heart, especially when I celebrate our shared birthday month. There are some parts of life that can't be wished away. We just have to walk through them. Please know that others are with you in your grief and are here to help you on your journey toward healing. Those who serve our country make our world a better place. Susan was proof of that.
